NULODOL-PEA

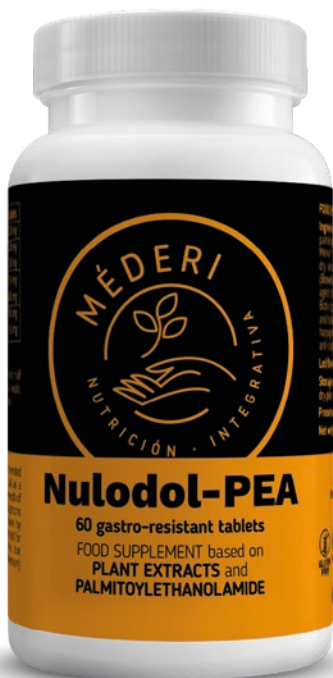

Description: Food supplement based on plant extracts and palmitoylethanolamide.

Directions for use / recommended dose: Take two (2) tablets daily with half a glass of water (125 mL), preferably outside of meals, or as recommended by a healthcare professional.

Presentation: Bottle of 60 gastro-resistant tablets of 1,100 mg.

Composition: Bulking agent (microcrystalline cellulose), palmitoylethanolamide (PEA), dry extract of *Curcuma Meriva*® 18% curcuminoids (*Curcuma longa*, rhizome), dry extract of *Boswellia serrata* 70% boswellic acids (*Boswellia serrata* Roxb. ex Colebr., resin), anti-caking agent (magnesium stearate), coating agent: Eudraguard® Biotic (copolymer of methyl acrylate, methyl methacrylate and methacrylic acid), dry extract of *Harpagophytum* 10% harpagosides (*Harpagophytum procumbens*, root) and anti-caking agent: AEROSIL® 200 F (silicon dioxide).

Storage conditions: Keep container tightly closed in a cool, dry place.

Ingredients:

Ingredients	2 tablets
Palmitoylethanolamide (PEA)	600.0 mg
Dry extract of Curcuma Meriva®	400.0 mg
- Of which: curcuminoids	72.0 mg
Dry extract of <i>Boswellia serrata</i>	371.4 mg
- Of which: boswellic acids	260.0 mg
Dry extract of Harpagophytum	50.0 mg
- Of which: harpagósidos	5.0 mg

Warnings: Do not exceed the expressly recommended daily dose. Food supplements should not be used as a substitute for a balanced diet. Keep out of the reach of young children. Not recommended for use by persons under 18 years of age and should not be taken by pregnant or breastfeeding women. Not recommended for use in people undergoing anticoagulant treatment. Not recommended in case of ulcers (stomach or duodenum) or gallstones.

Properties and possible applications:

Curcuma longa root supports the function of the nervous system. Curcumin helps control inflammatory responses within the body.

Boswellia serrata helps normal joint maintenance
