ELIOSAN PLUS

Description: Food supplement based on plant extracts, astaxanthin, vitamins and minerals.

Directions for use / recommended dose: Take two (2) tablets daily, preferably outside of meals or as recommended by a recommendation of a professional.

Presentation: Case of 30 and 60 tablets of 1,160 mg.

Composition: Bulking agent (microcrystalline cellulose), magnesium citrate, dry extract of *Polypodium leucotomos* root, DL-alpha tocopheryl acetate (Vitamin E), oleoresin rich in astaxanthin from the algae *Haematococcus pluvialis*, PureWay-C® (ascorbic acid (vitamin C), fatty acids and citrus bioflavonoids), zinc bisglycinate, coating AquaPolish® D red 044.236 MS (coating agent: hydroxypropyl methylcellulose, stabiliser: hydroxypropylcellulose, anti-caking agent: talc, rice starch, humectant: polyethylene glycol, colouring agents: iron oxide red and iron oxide yellow), dry extract of microalgae *Tetraselmis chuii* (TetraSOD®), anti-caking agents (magnesium fatty acid salts and AEROSIL® 200 F (silicon dioxide)), retinyl acetate (Vitamin A), cholecalciferol (Vitamin D), copper gluconate, manganese sulphate, dry extract of *Tagetes erecta* flowers (5% Lutein), beta-carotene 10% (Vitamin A), sodium selenite and D-biotin (Biotin).

Storage conditions: Keep container tightly closed in a cool, dry place.

Ingredients	2 tablets	% NRV*
<i>Polypodium leucotomos</i> root dry extract	200 mg	
Oleoresin from algae <i>Haematococcus pluvialis</i> - Of which: Astaxanthin	160 mg 4 mg	
Magnesium	150 mg	40 %
Vitamin E	100 mg α-TE	833 %
Vitamin C	100 mg	125 %
Dry extract of microalgae <i>Tetraselmis chuii</i>	30 mg	
Zinc	25 mg	250 %
Vitamin A	2,980 µg	372.50 %
Copper	1 mg	100 %
Manganese	1 mg	50 %
Dry extract of <i>Tagetes erecta</i> flowers - Of which: Lutein	0.8 mg 0.04 mg	
Biotin	100 µg	200 %
Beta-carotene - Of which: Vitamin A	0.064 mg 10.6 µg	1.34 %
Vitamin D	50 µg	1,000 %
Selenium	50 µg	91 %

*NRV: Nutrient Reference Value for vitamins and minerals.

Warnings: Do not exceed the expressly recommended daily dose. Food supplements should not be used as a substitute for a balanced diet. Keep out of the reach of young children. Not to be taken if other food supplements containing astaxanthin esters are consumed on the same day. Not for use by infants and children under 10 years of age.

Properties and potential applications:

Vitamin C contributes to the normal formation of collagen for normal skin function.

Zinc, vitamin A and **biotin** contribute to the maintenance of normal skin condition.

Copper contributes to normal skin pigmentation.

Vitamin C, vitamin E, zinc, copper, selenium and **manganese** contribute to the protection of cells against oxidative damage.
