REISHI-TRIO MÉDERI

Description: Food supplement based on *Ganoderma lucidum* and protein isolated from rice.

Directions for use / recommended dose: Take two (2) to three (3) capsules a day before meals with half a glass of water (125 mL), or as professionally recommended.

Presentation: Bottle of 90 vegetable capsules of 700 mg.

Composition: Organic dry extract of *Ganoderma lucidum* (fruiting body), coating agent (hydroxypropyl methylcellulose), organic rice protein isolate and anti-caking agent: AEROSIL® 200 F (silicon dioxide).

Storage conditions: Keep the container closed in a dry and cool place.

Ingredients	3 capsules
Organic dry extract of <i>Ganoderma lucidum</i> - Of which:	1,500 mg
Total polysaccharides 30 %	450 mg
1.3-1.6-beta-glucans 10 %	150 mg
Triterpenes 2 %	30 mg
Organic rice protein isolate	201 mg

Warnings: Do not exceed the expressly recommended daily dose. Food supplements should not be used as a substitute for a varied diet. Keep out of reach of younger children.

Properties and potential applications:

Ganoderma lucidum contributes to natural immune defences and maintains healthy circulatory function.

It is highly recommended to keep a varied and balanced diet and a healthy lifestyle.
