

ZINC MÉDERI

Description: Food supplement based on zinc.

Directions for use / recommended dose: Take one (1) capsule a day, preferably with meals or according to professional recommendation.

Presentation: Bottle of 90 capsules of 600 mg.

Composition: Bulking agents (microcrystalline cellulose and calcium phosphate), capsule (coating agent: hydroxypropyl methylcellulose, purified water and gelling agent: Gellan gum), zinc citrate and anti-caking agent (magnesium salts of fatty acids).

Storage conditions: Store in a cool, dry place.

Ingredients	1 capsule	% NRV*
Zinc	24.9 mg	249 %

*NRV: Nutrient Reference Value for vitamins and minerals.

Warnings: Do not exceed the expressly recommended daily dose. Food supplements should not be used as a substitute for a balanced diet. Keep out of reach of younger children.

Properties and possible applications: Zinc contributes to normal acid-base balance, normal cognitive function, normal DNA synthesis, normal fertility and reproduction, normal functioning of the immune system, protection of cells from oxidative damage and the process of cell division. It also contributes to normal macronutrient metabolism, of fatty acids, carbohydrates, vitamin A and normal protein synthesis. In addition, it contributes to the maintenance of normal bones, hair, nails, skin, vision and normal testosterone levels under normal conditions.

It is important to follow a varied and balanced diet and a healthy lifestyle.
